

NAVIGATING GLOBAL SECURITY CHALLENGES, TOGETHER

In moments of upheaval and uncertainty around the world, **the United States can count on Canada.** Whether on the ground, in the air, or on the seas, Canada is side-by-side with the U.S. in defense of our common values.

CANADA SHOWS UP – WHEN IT MATTERS, WHERE IT MATTERS, WITH WHAT MATTERS

UKRAINE

With the U.S. and other allies, we stand firmly against President Putin's blatant objective to conquer and erase Ukraine from the world map. Committing **\$13.3 billion in multifaceted support since 2022**, Canada will continue to stand with Ukraine for as long as it takes. Alongside the United States, Canada has stood with Ukraine since Russia's illegal invasion in 2014 and will continue to do so as long as it takes.

INDO-PACIFIC

Canada is an active, engaged and reliable partner to the Indo-Pacific. Like the U.S., we firmly believe in supporting a **more secure, prosperous, inclusive and sustainable future** for the region. Canada is contributing **\$2.3 billion** over 5 years to deepen engagement in the region. One third of which will promote peace, resilience and security, including by expanding our maritime presence and increasing and diversifying our participation in regional military exercises. Moreover, Canada will oppose unilateral actions that threaten the status quo in the Taiwan Strait and regularly conducts joint sailing with the US navy to reinforce this.

HAITI

Canada and the United States are working together to return Haiti to stability. Since 2022, Canada has committed more than **\$300 million** in development, humanitarian and security assistance to Haiti, **making Canada the second largest donor.** Canada is playing a lead role to stabilize the country. Through the **International Security Assistance Group**, Canada is mobilizing partners to strengthen the capacity and resources of the Haitian National Police and the security sector. In addition, Canada supports the deployment of the **Multinational Security Support Mission to Haiti** and is providing training to troops from contributing countries. Canada also has a robust sanctions regime and coordinated efforts to advance political dialogue and solutions in Haiti.

LATVIA

Canada has been leading the NATO battle group in Latvia to protect the Alliance's Eastern Flank for the last seven years – a significant & tangible contribution aimed at demonstrating the strength of our solidarity by **detering Russian aggression.** By 2026, the Canadian presence will double. This operation is **Canada's contribution to the biggest reinforcement of the Alliance's collective defense in a generation,** and Canada's largest overseas mission.

SAHEL AND HORN OF AFRICA

Canada's relationships with **Francophonie countries** and long-term development assistance investments provide access and influence.

GLOBAL PARTNERSHIP

As G7, G20, Partners in the Blue Pacific and Partnership for Atlantic Cooperation members, Canada and the U.S. jointly advance **North American interests around the world.**
